Important Questions	Answers	Why This Matters:
What is the overall deductible ? ¹	For in- and out-of-network providers combined \$2,000/person and \$4,000/family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible ?	Yes, preventive care.	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ? ²	For in- and out-of-network providers combined \$5,000/person and \$10,000/family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , the overall family out-of-pocket must be met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, penalties, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.blueshieldca.com/networkPPO or call 1-800-541-6652 for a list of network providers in CA; or 1-800-810-2583 outside of CA.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware that your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
